

RBN EXIM

PRODUCT CATALOG

ABOUT US

Operating directly from Tiptur, the world's No. 1 copra market, RBN EXIM is a premier exporter of pure, chemical-free agricultural commodities. We connect local farming excellence directly to international supply chains.

From cold-pressed virgin coconut oil to industrial-grade charcoal, our advanced processing and certified laboratory testing guarantee that every shipment arrives with uncompromising purity and international compliance.

VIRGIN COCONUT OIL

High-quality cold-pressed unrefined oil (HS CODE 15131100) retaining natural aroma and vital nutrients.

✦ KEY BENEFITS
- Cold-Pressed & Unrefined
- High Lauric Acid (> 50%)
- Zero Chemicals & Non-GMO

✦ INDUSTRY APPLICATIONS
- Premium Skincare & Cosmetics
- Gourmet Food & Culinary
- Nutraceuticals & Supplements

COPRA (HALF CUPS)

Sun-dried edible and milling grade coconut half cups (HS CODE 12030000) sourced directly from Tiptur.

✦ KEY BENEFITS

- 100% Sulfur-Free & Sun-Dried
- High Oil Content (> 65-68%)
- Low Moisture Content (< 6%)

✦ INDUSTRY APPLICATIONS

- Edible & Retail Food Packaging
- High-Yield Oil Milling
- Confectionery & Bakeries

COCONUT OIL (EXPELLER)

Premium cooking oil extracted from dried copra (HS CODE 15131900) for culinary and industrial use.

✦ KEY BENEFITS
- 100% Mechanical Extraction
- Rich Natural Coconut Aroma
- High Smoke Point (> 175°C)

✦ INDUSTRY APPLICATIONS
- Commercial Food & Snack Frying
- Soaps, Cosmetics & Hair Oils
- Oleochemicals & Base Oils

CHARCOAL POWDER

High-carbon, low-ash pulverized coconut shell charcoal (HS CODE 44029010) for industrial manufacturing.

✦ KEY BENEFITS

- High Fixed Carbon (> 75-80%)
- Very Low Ash Content (< 3%)
- Dense Micro-Porous Structure

✦ INDUSTRY APPLICATIONS

- Activated Carbon Manufacturing
- Water & Air Filtration Media
- Shisha Briquettes & Metallurgy

CHARCOAL CHIPS

Granulated charcoal pieces (HS CODE 44029010) with 75-85% fixed carbon, essential for purification.

✦ KEY BENEFITS
- Uniform Screened Mesh Sizes
- High Fixed Carbon (> 75%)
- Low Dust & Minimal Ash (< 3%)

✦ INDUSTRY APPLICATIONS
- Activated Carbon Rotary Kilns
- Premium Barbecue (BBQ) & Grilling
- Industrial Boilers & Foundries

COCONUT CAKE (FEED)

Protein-rich byproduct of oil extraction (HS CODE 23065020) serving as highly digestible livestock feed.

✦ KEY BENEFITS

- High Crude Protein (18-22%)
- Rich Energy Oil Content (8-10%)
- 100% Chemical-Free & Palatable

✦ INDUSTRY APPLICATIONS

- Dairy Cattle & Ruminant Nutrition
- Aquafeed & Swine Diet Formulations
- Organic Agriculture & Soil Composting

CASTOR OIL

High-viscosity, non-volatile oil derived from castor beans (HS CODE 15153020) for global pharmaceutical use.

✦ KEY BENEFITS

- High Ricinoleic Acid (> 85%)
- High Thermal & Viscosity Index
- Clear Amber Color & Moisture-Free

✦ INDUSTRY APPLICATIONS

- Bio-Lubricants, Greases & Hydraulic
- Paints, Resins, Coatings & Inks
- Cosmetics, Soaps & Pharma Bases
